Shareholders raised the following queries:

Shareholder: What was the Book Value of the share at the end of 2008; was it possible to incorporate in the Annual Report; how to proceed further as regards impairment?

Chairman: CFO please respond to the query

CFO : Shareholders please refer to the Annual Report page 108 and Note 20 Share Capital page 148 attached to the Financial Statements. By dividing the issued shares with the equity, the result of the Book Value will be:

Year 2007	Baht	25.51
Year 2008	Baht	24.79

A decline was as a result of the Company payment of dividend at the rate exceeding 100% of net profit.

Management will consult further with auditor to determine whether the Book Value should be incorporated in the Annual Report.

As regards impairment loss of goodwill of Digital Phone Co., Ltd. (DPC), it was carried out in accordance with the accounting principle i.e. calculation of current value of cash flow to be received in future in comparison with goodwill; if less, then impairment shall be recorded. However, such practice did not affect cash flow of the Company.

Shareholder : Considering from operation performance and payment of dividend in the amount of Baht 18,000 million thereby resulting in decline in shareholders' equity in the past 3 years, what would the Company do?

Chairman: The Company has adopted a policy to give best return to shareholders by means of dividend payment. When the Company has accumulated retained earnings, it would be appropriate to return to shareholders. This has resulted in good credit rating for the Company and helped raise funds for working capital. Though dividend payment has caused a decline in shareholders' equity, confidence in investors has been created and share price stabilized, higher than average criteria. In general, if a company paid dividend, there might be no investment. On the other hand, when there was a project, then no dividend. The Company has tried to balance those two areas so as to help raise funds and create potential.

Since there was no shareholder raising further question, Chairman, then, proposed the Meeting to cast their votes.

After due consideration, the Meeting

RESOLVED THAT The Balance Sheets, Profit and Loss Statements, and Cash Flow Statements for the year 2008 ended 31 December 2008 be and hereby were approved with the following votes:

3. Abstained	9,279,500	0.38
Total	2,469,061,294	100.00

5. To approve dividend payment to the shareholders for fiscal year 2008.

Chairman requested Mr. Vikrom Sriprataks, Director and Chief Executive Officer, to report the Meeting.

Mr. Vikrom Sriprataks stated to the Meeting that according to the operation results as aforementioned, management considered appropriate to allocate the net profit for the Annual Dividends Payment of the year 2008 at the rate of 6.30 Baht per share to shareholders. The Company had proceeded to pay out the interim dividends payment during the first half of the year at the rate of 3.00 Baht per share, the management would thus take opportunity to inform of the interim dividends payment to the Meeting as required by law, thus the dividends for the second half of the year remained at 3.30 Baht per share. Accordingly, the Record Date to determine the right to receive dividend will be on 20 April 2009 and share registration for book closing will be 21 April 2009 for gathering shareholders' names under Section 225 of the Securities and Exchange Act B.E. 2535 and the date of Dividends Payment is fixed on 4 May 2009.

A decrease is an expression of responsibility by directors towards current economic crisis. Meeting of the directors shall be regularly convened with some additional agenda from time to time to suit circumstance whereby remuneration at the year end may be reduced.

Shareholder : Would a monthly retainer for Chairman of the Board in the amount of Baht 200,000 be too high given current economic situation?

Chairman : Determination of remuneration for directors is not made without rationale. It has been based upon statistical data of listed companies, similar size and responsibilities of directors in comparison as high as 30 companies. A general overview has shown remuneration proposed for the Company directors is below average by 10%. The Board of Directors has considered this proposal to be fair taking into consideration of responsibilities under laws and towards shareholders.
